Advanced Pharmacy Practice Experiences (APPEs)

Students complete eight, five-week APPE rotations over the summer, fall, and spring semesters including three rotations for two semesters and two rotations for one semester. Students complete a total of six (6) "core" rotations including acute care, ambulatory care, community pharmacy, and health systems, along with two (2) elective rotations for a total of eight (8) rotations at 5 credits per rotation resulting in a total of 40 credits.

Professional Development Electives

Eight hours of professionally related electives are required to be completed during the second and third professional year. Professional development electives can be selected from a list of approved courses.

Dual Degree and Area of Emphasis Programs

Students can also choose to participate in one of our pathway programs, where electives and one or more APPE rotations are concentrated in a pathway.

- College Teaching in Pharmacy Area of Emphasis
- Geriatric Pharmacy Area of Emphasis
- Global Health Area of Emphasis
- Health Outcomes and Informatics Area of Emphasis
- Residency Preparation Area of Emphasis
- Translational Pharmacy Research Area of Emphasis
- Dual PharmD/MHA Degree Program (Class of 2027 & 2028)
